Standards Based Grading

As a district, we have made the move to Standards Based Grading to give you a clear picture of how your students are performing in relationship to the grade level standards. Please see the letter on the reverse side of this newsletter for detailed information.

Student Attendance

One of our schoolwide goals this year is to improve on student attendance rates to increase their chances of success as they move through school. Did you know that students who miss more than two days of school a month make fewer academic gains, are retained more often, and are more likely to drop out of high school? We want success for all of our students and want to give them every opportunity to

Booster Club

I would like to officially invite all of our parents to our first Booster Club meeting (formerly PTO) on Tuesday, August 22nd. To make this more convenient for you, we will start the meeting at 3:00 pm and will have a staff member and student volunteers available to supervise your children while you attend the meeting. I hope to have a great turnout and meet many of you who are willing to continue on the great work that our parent group has done throughout the years!

Thank you David Glasser Foundation

I would like to extend a big "Thank You" to the David Glasser Foundation who did a back pack drive and donated backpacks to every 1st grade student at Cheatham. I look forward to future partnership opportunities with this foundation. More information can be found at davidglasserfoundation.org.

P. Practice Respect

A. Accept Responsibility

W. Work Together

S. Stay Safe

AVID Corner

Record Numbers for AVID

This year, we have record numbers of students in our 6th, 7th and 8th grade AVID elective classes! It is an exciting time to see so many of our students make the commitment to college and start this path. Thank you to the parents who have supported this great program throughout the years!
