- 10/23: Boys Basketball and Softball tournament, 4:35 pm
- 10/26 & 10/27: Half Day Schedule for Parent Teacher Conferences, dismissal at 11:30 am.

Galileo Testing

This week, our students are taking the Galileo benchmark tests to show how much they have learned this year. Earlier in the year, students spent time creating goals for themselves about how much they wanted to grow in ELA, Math and Science. Talk to your students about what their individual goal was and if they met it. My goal is for all students to grow at their own pace and do their personal best!

Parent Teacher Conferences

Our parent teacher conferences are scheduled for Thursday, October 26 and Friday, October 27. Both of these days will be early release with student dismissal at 11:30 am. Please also note that teachers will be available to meet with parents until 7:00 pm on Thursday and until 3:00 pm on Friday. More information will be coming from your student's teacher as the date gets closer. The book fair will also be taking place for you to visit during the conference days.

Trunk or Treat

Mark your calendar for October 20 for our 2nd annual Trunk or Treat. This will be sponsored by Booster Club and Student Council and will provide a safe and fun environment for your students to trick or treat. Our clubs and community partners will be hosting booths and we are requesting donations of candy to be dropped off in the front office to supply each booth. We are looking forward to a great turnout!

AVID Corner

Guest Speakers Needed

One of the elements of the AVID elective class is having our students exposed to guest speakers of a variety of different fields. This year, our students have had several guest speakers from education, engineering and medical backgrounds. If you work in a STEM field and would like to contribute your knowledge to our students, please contact Mr. Wait! We would love to hear from

you.
