

# The Cheatham Times

Andrew Wait Principal

Tanya Whiteford Asst. Principal

## Donuts with Dads

On Wednesday, December 13 we invite all students to bring their dad to school with them to enjoy a donut in the front lobby. We look forward to seeing all of our dads at school on this day!

## Galileo #2

Galileo testing will take place on December 11, 12 and 14. This will be our second benchmark test to see how much our students have learned this year and if they are on track for Galileo. Discuss the goals that your student has set for him/herself for this test and encourage them every day to do their personal best!

## Santa's Workshop

Booster club will be sponsoring Santa's Workshop from December 7 through December 14. You will be able to purchase items in the library for holiday gifts during this time! Santa will also be making an appearance from 5:00 to 7:00 pm on evening of December 12! We invite all of you to the library to check out the selection of items to benefit the Cheatham Booster Club.

## AVID CORNER

Our AVID students have formed a great relationship with Cesar Chavez High School and have collaborated on several partnerships. On Thursdays, current Chavez AVID students come to Cheatham to help tutor our AVID students. Many of these are former Cheatham kids who are having success in high school. Also, we have partnered with Chavez for "Smiles for Christmas", a mentorship event for our kindergarten through 2nd grade students. Our 8th grade AVID students also had the chance to participate and take on a leadership role.
