Attendance

One of our goals for this year is to improve our student attendance rates. Students learn best when they are at school and on time daily! Please help us by ensuring that your students are at school before 7:30 every day. Remember, our doors open at 6:45 for students to get breakfast!

Trunk or Treat

Thank you to all of you who attended the trunk or treat and donated candy! We had a great turnout and was a great success. Thank you to Booster Club for sponsoring this, if you would like to volunteer for events such as this in the future, please attend our Booster Club meeting on November 28 at 3:00 pm.

PRACTICE RESPECT

ACCCEPT

RESPONSIBILITY

WORK TOGETHER

STAY SAFE

Personal Best

Throughout the year, we do a variety of goal setting activities with our students and always encourage them to do their personal best. If you have a student between 5th and 8th grade, they recently did an activity on percentiles and how they can measure if they performed at their personal best. How did they do? Have a conversation with them on their current goals and if they are doing their personal best.

AVID CORNER

As part of our AVID elective class, we have tutors who lead the tutorial process every Tuesday and Thursday. Ms. Hopkins and Ms. Davidson are two of our current tutors who do a great job working with our AVID kids every week! Our ideal AVID tutor is a current college student to serve as a role model for where our students are headed. Do you know a great candidate to join this group? Have him/her apply at www.laveeneld.org.
